Continuing Education!
http://www.immunizedelaware.org/for-professionals/continuing-education-events/

Pink Book Wednesdays

From June 5 - September 25, CDC experts will discuss a chapter of *Epidemiology and Prevention of Vaccine-Preventable Diseases* (commonly known as "The Pink Book"), 13th Edition, and answer viewers' questions. Webinars will be archived and posted within two weeks after each live event. Continuing education is available for each session. Advanced Registration is required.

Wednesdays from 12:00 – 1:00 pm

This week: Vaccine Storage, Handling, and Administration

CUGH Webinar: Vaccine Hesitancy

Join the Consortium of Universities for Global Health to discuss vaccine hesitancy. Speakers Dina L.G. Borzekowski, EdD, EdM (interim director, Global Health Initiative) and Peter J. Hotez, MD, PhD (dean, National School of Tropical Medicine).

Tuesday, July 16 at 3:00 pm ET

- New Events
- Ongoing Events
  - Angola – Circulating vaccine-derived polio virus type 2 (2 cases, 0 deaths). An acute flaccid paralysis case was linked to a confirmed case of cVDPV2 in Cuvango District on July 3. This is the second case (the first reported in the week ending June 9). The virus has 10 nucleotide changes from the Sabin 2 vaccine strain. A total of 167 AFP cases have been reported across Angola in 2019.
  - DRC – Ebola Virus Disease (2,408 cases, 1,625 deaths, CFR 68%). Eighty-three new confirmed cases have been reported, with an additional 62 deaths. One hundred twenty-eight health workers have been affected (5%). Twenty-three health zones have reported at least one confirmed or probable case, and 20 have reported confirmed cases in the last 21 days. Contact tracing is ongoing in 21 health zones.
  - Cote d'Ivoire – Dengue fever (1,853 cases, 2 deaths, CFR 0.1%). The epicenter of the outbreak is Cocody-Bingerville health district, and was initially detected on Feb 15 with five cases. Sporadic cases have been seen since then.
- Humanitarian Crisis
  - North-east Nigeria. This crisis is in its tenth year, and continues with insurgency and widespread population displacement. Bomb attacks killing and injuring civilians, military operations, and disease outbreaks (cholera, measles, and malaria) continue.
