**WHO Afro Outbreaks & Emergencies**

Week 25: June 15 - 21, 2020

- [https://apps.who.int/iris/bitstream/handle/10665/332594/OEW25-1521062020.pdf](https://apps.who.int/iris/bitstream/handle/10665/332594/OEW25-1521062020.pdf)
- New Events
- Ongoing Events
  - **Coronavirus Disease** (222,074 cases; 4,964 deaths; CFR 2.2%).
    - All countries have reported cases
    - The daily caseload remains high, with differential trends among countries, but a continuous decrease in CFR.
    - South Africa has continuously registered the highest daily increase; instances of imported cases, and clusters of cases within quarantine sites and prisons are rising.
  - **DRC – Ebola Virus Disease (2020)** (23 cases; 13 deaths; CFR 56%).
    - Six additional cases and two additional deaths have been confirmed since last week; two healthcare workers are among those cases.
  - **Humanitarian Crisis**
    - **North East Nigeria.** There is ongoing conflict, and an estimated 7.7 million people are in need of humanitarian assistance: 1.9 million are
internally displaced, 5.6 million are in need of healthcare services, and 4.4 million have been targeted by the health sector.
